SLIMLINE SERIES
Direct Vent Gas Fireplaces

SLIMLINE SERIES

Creative Designs

Innovative Results

SlimLine Series fit where other fireplaces don't. A slender profile and advanced venting options open an array of unique installation possibilities. Innovations in technology, design and safety enable the SL Series to upgrade any home.

A variety of SlimLine sizes and models help put these functional focal points into more spaces, like corners or smaller areas. Define your favorite space with stunning flames and robust designs. There's an SL gas fireplace for you.

Cover: SL-550TRS shown with kenwood wall cabinet, optional raised hearth base, marron brown marble and halston operable doors in black

Above: SL-550TR shown with kenwood mantel, caledonia granite, halston doors in new bronze and optional refractory.

SLIMLINE SERIES

CORNER ACCENT

The SL-350TRS perfectly accents a forgotten corner. Moderate, efficient heat production and robust fires bring style and comfort into more spaces. Choose a unique front to upgrade your décor.

SL-350TRS shown above with custom corner cabinet and raised hearth base, absolute black granite and halston operable doors in graphite.

TRADITIONAL APPEAL

The SL-550TR provides the look and ambiance of a traditional fireplace with the safety and convenience of Direct Vent gas. Bold fires, a ceramic log set and an optional brick refractory provide authentic style. Clean lines complement a variety of interior designs.

SL-550TR shown above with kenwood mantel, caledonia granite and halston operable doors in black.

SMOOTH AND SLEEK

The SL-750TR delivers a bold design statement in any room. Accompany high style with high-efficiency heat output. Outfit your SL-750TR with a unique mantel and front.

SL-750TR shown above with luna cast mantel and aero front in black.

FORM AND FUNCTION

The SL-950TR is the largest and most powerful model in the SlimLine Series. An impressive 42-inch viewing area showcases robust fires and provides high-efficiency heat output. Let the SL-950TR fill grand spaces with style and heat.

SL-950TR shown above with kenwood mantel, new venetian gold granite and chateau deluxe front in graphite.

CREATIVE EXPRESSION

Customizable Styles For Unique Tastes

The SlimLine Series offers multiple sizes and styles, with an extensive selection of mantels, fronts and finishes. Amplify your home design and create a fireplace uniquely yours.

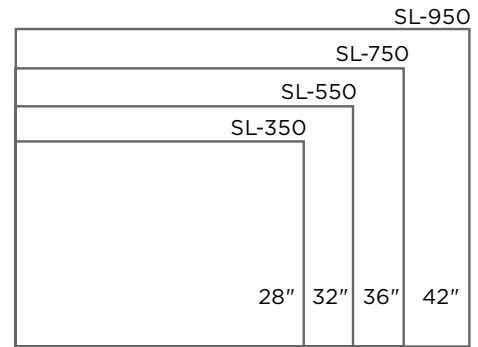

SL-550TR shown with echo cast surround and aero front in black

SLIMLINE SERIES

SELECT YOUR SIZE

Select from four widths—28, 32, 36 and 42-inch models are available. Consider heat output, room dimensions and venting when selecting the appropriate model size.

CHOOSE YOUR MODEL

TRS MODELS: These models offer enhanced flames and greater heat output in the SL-350TRS, SL-550TRS and SL-750TRS. An advanced ceramic burner, refractory and detailed log sets create impressive fires with high-efficiency, AFUE-rated heat output.

TR MODELS: These models provide full flames and authentic log sets. Moderate, efficient heat production is achieved with SL-550TR, SL-750TR and SL-950TR models

CHOOSE YOUR FRONT

Three fronts are available in black, graphite and new bronze.

Aero Front
INSIDE FIT

Chateau Deluxe Front
OVERLAP FIT*
SL-350 version does not feature decorative bars, see below.

Halston Operable Doors
OVERLAP FIT*

FINISHES

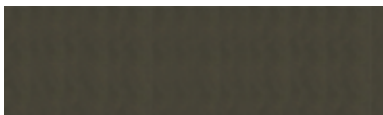

Choose from three beautiful finishes.

Black (BK)

Graphite (GT)

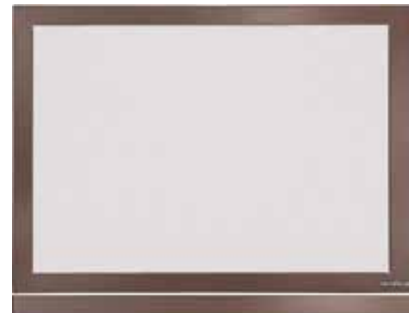

New Bronze (NB)

Chateau Deluxe Front
for SL-350 Model

CLEAN FACE KIT

Allows surround materials like brick, stone and tile to come flush to the firebox edge for a cleaner finish. Works with SL-550TR and SL-750TR and comes with its own front.

Clean Face Kit
INSIDE FIT

*Chateau Deluxe front and Halston operable doors completely overlap surround materials for a clean look. Adjustable hinges allow for variations of up to 1-inch in surround material thickness.

SLIMLINE SERIES

PICK A MANTEL SYSTEM

Complete your SlimLine fireplace with distinctive style. A variety of mantel systems—from traditional to contemporary styles—help transform your space.

Kenwood flush mantel & caledonia granite. Shown with SL-550TR.

Kenwood flush mantel with optional raised hearth base & wheatfield granite. Shown with SL-750TRS.

Portico flush mantel & marron brown marble. Available for SL-750 & 950 models only.

Echo Cast Surround
Shown with SL-550TR.

Luna Cast Mantel
Shown with SL-750TR.

Dimensions above are in inches and millimeters. Product information is not complete and is subject to change without notice. Product installation must adhere strictly to instructions shipped with product. We recommend measuring individual units at installation. Assumes the use of 1/2" sheetrock. NOTE: Combustible material should not cover the face. Make sure you do NOT cover the decorative door opening.

Refer to installation manual for detailed specifications on installing this product. Heat & Glo reserves the right to update units periodically. The flame and ember appearance may vary based on the type of fuel burned and the venting configuration used. Actual product appearance, including flame, may differ from product images.

INTELLIFIRE™

The IntelliFire™ Ignition System (IPI) is an advanced intermittent pilot ignition system. IPI constantly monitors ignition, ensures safe functioning and conserves up to \$10/month in energy costs. Scan with your smartphone to learn more about IntelliFire, or visit heatnglo.com.

DIRECT VENT TECHNOLOGY

Direct Vent fireplaces remove 100% of combustion exhaust and odors outside of the home. These sealed fireplaces provide optimal heat, conserve energy and ensure clean, safe indoor air quality. Scan with your smartphone to learn more about Direct Vent technology, or visit heatnglo.com.

SLIMLINE MODEL COMPARISON

U.S. EFFICIENCIES

Steady State - Since most homeowners use their fireplaces for an extended time while they are in the room, Steady State measures how efficiently your fireplace converts fuel to heat once it is warmed up and running in a "steady state".

AFUE - AFUE rating is more typically used with appliances, like your furnace, that continually cycle on and off to maintain a constant temperature.

RATING	SL-350TRS-IPI	SL-550TR-IPI-E	SL-550TRS-IPI-E	SL-750TR-IPI-E	SL-750TRS-IPI-E	SL-950TR-IPI-E
Steady State	77%	75%	75%	74%	78%	77%
AFUE	•		•		•	

CANADA EFFICIENCIES

EnerGuide (CSA P.4.1-02) - EnerGuide is a rating used in Canada to measure annual fireplace efficiency.

RATING	SL-350TRS-IPI	SL-550TR-IPI-E	SL-550TRS-IPI-E	SL-750TR-IPI-E	SL-750TRS-IPI-E	SL-950TR-IPI-E
